Lady Galala is a suspension lamp consisting of an interior body that combines three different conical-shaped diffusers of different diameters and shades of colour, that recall the sun and the sea: yellow and orange, like the light at sunset reflected in a thousand shades on the sand; blue and white, like the foam of the sea created by the waves. This lamp can therefore assume many configurations, colour-shapes, changing easily its appearance. Like a child's game.

Body for indoor use (code 40171) made of aluminium painted in matt white, to be integrated with bi-satin methacrylate diffusers.

One body and up to three diffusers of your choice are required to compose the lamp.

Diffusers:

40172/BI 1. Ø25 H18 - white

40172/GI 2. Ø25 H18 - yellow

40172/BL 3. Ø25 H18 - blue
